A Word from the Chapter President

Happy New Year. Here we are at the beginning of a brand-new year, 2026. 2025 was quite a year that brought natural disasters and turmoil on a world-wide scale like never before! We have a new President in office, and there have been many changes in our government. It remains our responsibility as citizens to uphold our government leaders especially in times of dissension (regardless of our personal persuasions & beliefs). We are still able to cast our vote in this country and speak out freely.

- Our December meeting was a festive time; however, attendance was down. If you could not attend, know that we missed you. The food was great and the entertainment was provided by Springfield Sound men's chorus, which was fabulous as usual. We had a nice time of fellowship among those that attended.

Based on input from some of the membership, the Board decided to hold our 2026 meetings at the DAV again. Chuck Lulemon has been very amenable to our needs and they appreciate our partnership. They have also given us the space at no cost! Additionally, we are set up with the flag, overhead screen and electronic equipment and microphone, as needed. Dean has worked with our caterer, Melissa, and she has also been flexible in offering food options and preparation. We will continue to use her services.

Some notable January holidays that impact both military and civilians include (taken from: AI Overview):

- January 1 (Thursday): New Year's Day- A federal holiday observed by all military branches.
- January 19 (Monday): Martin Luther King Jr. Day - This is a federal holiday observed on the third Monday of January, honoring Dr. King's life and legacy, and is recognized as a national day of service.
- January 25 (Sunday): Anniversary of the U.S. & Allied Victory at the Battle of the Bulge - An important date of remembrance for a decisive WWII victory.

We **strongly encourage** your attendance at our **February 20** meeting, to participate in a very important discussion regarding the future of our Chapter. We will be formulating a plan moving forward and your input is needed.

With the coming Winter weather, know that if you find yourself in need of assistance, please reach out to a Chapter Board member, and we will work with you to make sure you are safe.

- For all who are Premium or Life members of MOAA, a free Survivor's Planning Guide is available for download. It can be obtained at www.moaa.org.

- As always, our newsletter is freely available on the chapter website, www.OEMOAA.org as well as via email to all members. If anyone wishes to receive this newsletter via US Mail, please make that known to a Board Member or the Newsletter Editor, and we will be happy to accommodate.

Chapter Mission Statement: *To stimulate patriotism in our community and serve those who hold or have ever held a warrant or commission in any of the eight uniformed services, as well as their surviving spouses. The Ozark Empire Military Officers Association of America (OEMOAA) is an affiliate of the Military Officers Association of America (MOAA). MOAA and its affiliated chapters are nonpartisan.*

10 winter safety tips from the VA

(<https://news.va.gov/137131/get-ahead-of-winter-emergencies/>)

1. Stay informed. Listen to local officials for weather updates and safety guidance before, during and after storms.
2. Prepare emergency supplies. Keep essential items like food, water, and first aid kits at home and at work.
3. Use heat safely. Use heating devices according to instructions and install a carbon monoxide alarm if you rely on alternative heat sources.
4. Use generators carefully. Place generators at least 20 feet away from doors and windows and shield them from rain or flooding to prevent electrical shock.
5. Avoid unnecessary travel. Stay off the roads during and after storms unless absolutely necessary.
6. Dress in layers when outdoors. If you must go outside, wear warm layers and limit your time outdoors.
7. Watch for cold-weather injuries. Particularly when outdoors for extended time, check for frost-bite symptoms (numbness, pale skin) and hypothermia (shivering, confusion, or drowsiness).
8. Avoid overexertion. Cold weather can constrict blood vessels, which means your body will need to work even harder to shovel snow and walk in deep snow. This can put a strain on your heart and increase the risk of a heart attack. Pace yourself and take breaks as needed.
9. Maintain your car. Routine vehicle maintenance is especially important in winter to prevent breakdowns in severe weather. If possible, switch to snow tires or carry snow chains.
10. Pack a car emergency kit. Include a cell phone charger, blankets, warm clothes, a snow shovel, a flashlight with batteries, jumper cables, water and non-perishable snacks. If possible, keep a full gas tank.

December Meeting Recap

For our December meeting, we convened at DAV Hall, for dinner. Prior to our meal service, we were entertained by members of Springfield Sound, our local Barbershop chorus. They were with us last year as well, and agreed to return with some new tunes, including beginning their program with a rendition of the National Anthem. Definitely entertaining, to hear the National Anthem done with Barbershop harmonies! Their performance again was excellent!

Preview of January Speaker

Major Kavan L. Stull will be our guest presenter for January. He will be giving a historical perspective of former President Harry S Truman.

Kavan Stull graduated from Mexico Senior High School in 1970. He enrolled in the Army ROTC program at Northeast Missouri State University (Truman State). He was commissioned as a 2LT in the US Army Reserve Military Police Corps in May, 1974. He entered active duty in July 1975 at Fort Benning, Georgia. His first assignment was the MP Platoon leader, 197th Infantry Brigade. He later served in the Post Law Enforcement Command as Executive Officer for both the 988th MP Company (FORCECOM) and the 139th MP Company (TRADOC). Upon completion of the MP Advanced Officers Course at Fort McClellan, Alabama, he served as the Commander, 511th MP Company at Fort Dix, New Jersey.

In May 1980 the 511th MP Company was deployed to Fort McCoy, WI in response to the Cuban Refugee Crisis. Following this 135 day mission, the 511th MP CO was redeployed 60 days later to Fort Chaffee, Arkansas for an additional 60 days for final closure of the U.S. Army mission to support all Federal agency efforts associated with the reception, processing, security, and resettlement of refugees

arriving from Cuba and Haiti.

Major Stull later served in the Army Reserve as the Staff S2 Officer with the 159th MP Battalion and as Commander, 494 MP Detachment (Confinement), both formerly part of the 102nd (ARCOM) U.S. Army Reserve. His final assessment was an instructor with the 5039th ASARF School. He is currently retired after 31 years from Liberty Utilities in Joplin, serving as an Environmental and Safety Coordinator. He is currently serving as the Treasurer/Secretary of the Four-State Chapter, Military Officers Association of America (MOAA).

Married to his wife, Lynne, he has 4 children and 4 grandchildren.

Chaplain's Corner

By Becky Hutchings

Welcome to January! As I begin writing this article, the weather is mild and we are expecting an almost record-setting Christmas Day. Make no mistake though, cold weather will be upon us soon. As I finish this article, the temperature outside has dropped to 31 degrees with a "feels like" 19! Wow! What a difference one day can make.

By the time you read this article there will be another big change-time will have moved forward from 2025 to 2026. Once again, what a difference one day can make. It sometimes feels like time is moving faster with the passage of each year. But time is still moving at the same pace, we just feel like it is moving faster.

We want to hold onto time or make it stand still so we can extend our own mortality. What I particularly love about the human condition is that we have the capacity to process thoughts and can change our behavior. From one day to the next, we can turn around and stop negative behavior or create positive behavior (new habits) that are beneficial. This takes conscious effort.

Many will make New Year's resolutions. There is nothing wrong with this, as it is nice to have a fresh start. However, when these new commitments fail, we often just quit trying.

The Scriptures have this to say about our human connections and commitment to one another:

Make allowance for each other's faults and forgive anyone who offends you. Remember, the Lord forgave you, so you must forgive others. (Colossians 3:13; NLT; taken from: biblegateway.com).

And:

May the patience and encouragement that come from God allow you to live in harmony with each other the way Christ Jesus wants. (Romans 15:5; NCV; taken from: biblia.com).

This coming year, I would like to lose weight and become more healthy. Perhaps more importantly though, I wish to emulate the type of behavior these Scriptures teach. Would you join me in seeking to extend kindness, love, and forgiveness to those that might not ask, or return the same? It's what Jesus would do.

May you be encouraged.
